ABB ROBOTICS

# IRB 1100

## The most compact and lightweight 6-axis robot ever

Further expanding ABB's small robot portfolio, IRB 1100 provides 35% increased productivity and up to 10% space saving. IRB 1100 enhances the industry's most comprehensive offering for fast, accurate small parts assembly solutions.

ABB ROBOTICS

# IRB 1100 and IRB 910INV

## Cutting edge robotics for electronics manufacturing

Further expanding ABB's small robot portfolio, IRB 1100 provides 35% increased productivity and up to 10% space saving. The ceiling-mounted SCARA robot delivers maximum flexibility and space efficiency.
