

CONSTRUCTION REPAIR KIT

AUTOMATIC LUBRICATION SYSTEM COMPONENTS

GreasePoint's Lincoln Construction Kit is a ready-to-use solution for automatic lubrication applications. It includes essential hose, fittings, adapters, outlet components, valves, and accessories to help you install with confidence and keep systems running smoothly.

HOSE & CORE COMPONENTS

Durable grease-filled hose, hose studs, ferrules, and pump element kit components for reliable lubricant delivery.

FITTINGS & ADAPTERS

A variety of straight, 45-degree, 90-degree, quicklink, and field-installable fittings.

ACCESSORIES

Zerk fittings, closure plugs, check valves, pressure relief components, and outlet adapters to support a complete installation.

Inventory ID	Description	Qty	UOM
CC0000607271	1/8" Grease-Filled Hose	50	FT
CC0000633304	Zerk Fitting, 1/8" NPT, w/ Dust Proof Cap	5	EA
CC0000190115	1/8" NPT 45° Fitting	5	EA
CC0000186808	90° Adapter, 1/8" NPT (M) X 1/8" NPT (F)	10	EA
CC0000606997	SSV Outlet Fitting, 1/8" NPT w/ Check	5	EA
CC0000195914	1/8" NPT Field Installable Hose Coupling	10	EA
CC0000153255	Hose Stud, 90 deg	5	EA
CC0000154530	Hose Stud, Straight	5	EA
CC0000611741	Quick Connect Hose Stud Threaded Sleeve	10	EA
CC0000186717	Valve Outlet Adapter, w/ Check, M10 x 1	5	EA
CC0000155014	Quicklink Adapter, 1/8" NPT Male Straight Fitting	5	EA
CC0000165133	Closure Plug	5	EA
CC0000608154	Ferrule	5	EA
CC0000195781	Pump Element Kit	1	EA
CC0000628147	Check Valve	1	EA
CC0000157544	Pressure Relief Assembly	1	EA

PUMP REPLACEMENT PROGRAM

GreasePoint provides inspection and repair services for grease and oil pumps. Visit our walk-in counter for in-person service, or contact hello@greasepoint.com to arrange shipping your pump to us for evaluation and repair.

Spare pumps can be purchased at a discounted rate to keep lubricants flowing while you wait.
